

PRESS RELEASE

WIM/WiN SK Announces 2017 Post Secondary Scholarship

Saskatoon 25-Sep-2017: Women in Mining and Women in Nuclear Saskatchewan Inc. (WIM/WiN-SK) is pleased to announce the recipients of our 2017 annual scholarships. The awards recognize two returning post-secondary students in Saskatchewan who embody the values of diversity and leadership in the mining and/or nuclear industries. We are pleased to announce the scholarship has been expanded to two recipients.

Ms. Arushi Joshi (Technical Scholarship) is an international student studying Chemical Technology at Saskatchewan Polytechnic. She completed her B.Sc. in India and moved to Canada to continue post graduate studies. Ms. Joshi is the campus director for the Saskatchewan Polytechnic Student's Association. She is excited to be a part of WIM/WiN-SK and is confident that the future will provide many opportunities for her growth, and she hopes to continue participating in WIM/WiN-SK events.

Ms. Alyse Kambeitz (University Scholarship) is a Master's Candidate at the University of Saskatchewan in the Sustainable Environmental Management program. She graduated with Great Distinction in June 2016 with a B.Sc., Environmental Biology, minor in Toxicology. She joined Cameco Corporation in the summer of 2016 as an Environmental Assistant. Ms. Kambeitz is a keen industry advocate and supports diversity by actively engaging with students and young professionals.

Established as an award in 2016, the WIM/WiN-SK Scholarship was created to support young women entering or interested in the mining and nuclear fields of study. Award winners must be a current member of WIM/WiN-SK and enrolled as a full-time post-secondary student in Saskatchewan in a program related to the fields of minerals, mining, nuclear and/or radiation.
